CA Education Course Calendar: Global

Jul - Oct 2012

CA Education's number-one priority is to help maximize your CA software investment. That is why we work with you to identify your educational needs, provide a range of flexible learning options, and outline an effective plan to meet your goals. Use the Education Needs Assessment (ENA) to help you identify your training needs. An ENA identifies prospective students' knowledge and competency levels on CA software or Industry best practices and offers course suggestions. Our goal is to provide all the classes you want, when you need them, and where you want them. Use this schedule to select the course locations and dates that best fit your requirements.

This schedule is subject to change. Current schedules are available anytime on ca.com. For our cancellation policy please see the CA Education Global Cancellation Policy. <http://www.ca.com/us/education/content.aspx?cid=162821>

To learn more about how CA Education provides flexible learning options based on your budget, travel requirements and skill level, visit your regional education section of **ca.com.**

Learning Center Locations:
Virtual Learning can turn any location into classroom.

Our Global Learning Centers are located in several countries throughout the world. Please visit your regional Education section of ca.com for a list of Learning Center locations near you.

3rd PARTY VENDOR
