

Pre-Conference Education Classes

Empower Yourself: Gain a Competitive Edge with Pre-Conference Education.

CA World is the place to learn and take advantage of valuable content designed to make the most of your CA investment with access to two-days of technical deep dive training, certifications, hands-on labs, on-demand offerings, traditional instructor-led courses and more. With a value of over \$3,000+ in free* education, you can't afford to miss this!

*Some certifications may require a fee

Below is a list of Pre-Conference Education classes. For more information on Self-Directed Learning, CA Certifications, CA Agile Academy and Automation Training, head on over to the [CA World Sessions Page](#).

TITLE	CONTENT AREA	SESSION TYPE
CA Agile Boot Camp (Limited spots available)	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Modern Business Management	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Resource Management	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: CA PPM 15.3 - Transforming the User Experience	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Agile Integrations	Agile Management	Pre-Conference Education
CA Project & Portfolio Management and Microsoft® Project Integration: Tips and Tricks	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Business Intelligence with Power BI	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Business Intelligence with Tableau and Qlikview	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Getting the Most from the Application Portfolio Management Accelerator	Agile Management	Pre-Conference Education
Advanced CA Project & Portfolio Management: How to Create Blueprints	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Portfolio Management	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: The Power of Trending and Snapshots using the Data Warehouse	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Connecting Your Data to 3rd Party BI	Agile Management	Pre-Conference Education

ITSM: What's New in CA Service Management?	Agile Management	Pre-Conference Education
ITSM: Tips, Tricks and Tools to Make Upgrading to New Releases of CA Service Management Easier	Agile Management	Pre-Conference Education
ITSM: CA Service Management: How to Design a Service Catalog That Your Users Will Want to Use	Agile Management	Pre-Conference Education
ITSM: Get the Most Out of Change, Release and Configuration Management with CA Service Management	Agile Management	Pre-Conference Education
ITSM - Hands-on Lab: Try Out the Innovation-Award-Winning CA Service Management xFlow User Experience for Support Analysts	Agile Management	Pre-Conference Education
ITSM: Advanced Reporting Tips and Tricks and How to Build a Jaspersoft Domain for CA Service Management and Asset Management Reporting	Agile Management	Pre-Conference Education
ITSM: Basic and Advanced Tips and Tricks to Successfully Manage Your Hardware Assets with CA IT Asset Manager	Agile Management	Pre-Conference Education
ITSM: Winning the Software License Management Game with CA IT Asset Manager	Agile Management	Pre-Conference Education
ITSM - Hands-on Lab: Tips and Tricks for Building Your CA Service Management Solution on Amazon Web Services (AWS)	Agile Management	Pre-Conference Education
ITSM - Going Social with ITSM: Integrating Enterprise Communication Tools with CA Service Management	Agile Management	Pre-Conference Education
ITSM: Enabling Agility in Your CA Service Management Processes with the xFlow Support Analyst User Experience	Agile Management	Pre-Conference Education
CA Agile Central: How CA Leverages Agile Central for Continued Success	Agile Management	Pre-Conference Education
CA Project & Portfolio Management: Modern Business Management	Agile Management	Pre-Conference Education
Helpful Tips for Troubleshooting JavaScripts - CA Workload Automation DE	Automation	Pre-Conference Education
How to Maintain and Keep Your CA Workload Automation DE Environment Performing Optimally	Automation	Pre-Conference Education
Using Time-Based Notifications and Critical Path Analysis to Manage Service Levels with CA Workload Automation ESP Edition	Automation	Pre-Conference Education
Using File-Size Metrics to Maintain the Health of CA Workload Automation ESP Edition	Automation	Pre-Conference Education
Understanding When and How to use JavaScript at the Event, Application and Job Level – CA Workload Automation DE	Automation	Pre-Conference Education
CA Workload Automation CA 7® Performance Analysis and Tuning	Automation	Pre-Conference Education
CA Workload Automation CA 7® Edition Management Reporting	Automation	Pre-Conference Education
Configuring CA Workload Automation AE for Optimal Results	Automation	Pre-Conference Education
Benefits of Performing an "Upgrade in Place" with CA Workload Automation AE	Automation	Pre-Conference Education

Maneuvering the Ins and Ouches of High Availability with CA Workload Automation AE	Automation	Pre-Conference Education
Drive Business Agility with CA Workload Automation AE Event Management and Automation	Automation	Pre-Conference Education
Using the CA Workload Automation iDash Command Line Interface (CLI) for Reporting and SLA Management	Automation	Pre-Conference Education
Tips and Techniques When Using CA Workload Automation iDash to Optimize Your CA Workload Automation AE Job Streams	Automation	Pre-Conference Education
Managing ERP Application Oracle EBS, SQL using CA Workload Automation CA 7® as an Enterprise Solution	Automation	Pre-Conference Education
CA Workload Automation AE and Agents: Why Not Just Write a Script?	Automation	Pre-Conference Education
CA Workload Automation iDash Update: So That's What Was in That Upgrade	Automation	Pre-Conference Education
CA Workload Automation DE High Availability: Best Practices	Automation	Pre-Conference Education
CA Workload Automation DE Reporting: Tips and Tricks	Automation	Pre-Conference Education
CA Workload Automation DE Advanced Agent Use Cases	Automation	Pre-Conference Education
Monitor, Triage and Diagnose Mobile and Web Applications*	DevOps – Agile Operations	Pre-Conference Education
Create Custom Dashboards in CA App Experience Analytics with Elastic Search and Kibana*	DevOps – Agile Operations	Pre-Conference Education
Monitor Modern Applications in the Cloud*	DevOps – Agile Operations	Pre-Conference Education
Pivot from User Experience to Root Cause Using the Analytics Behind Assisted Triage*	DevOps – Agile Operations	Pre-Conference Education
Enrich, Contextualize and Visualize Your Environment*	DevOps – Agile Operations	Pre-Conference Education
Use the Power of APIs in CA Application Performance Management to Integrate with Your DevOps Toolchain*	DevOps – Agile Operations	Pre-Conference Education
Leverage Best Practices to Operationalize CA Application Performance Management*	DevOps – Agile Operations	Pre-Conference Education
Maximize Value from Onboarding and Monitoring Mission Critical Applications*	DevOps – Agile Operations	Pre-Conference Education
Explore What's New in CA Unified Infrastructure Management*	DevOps – Agile Operations	Pre-Conference Education
Leverage Contextual Log Analytics to Identify Underlying Problems and Resolve Issues Faster with Agile Operations Solutions From CA*	DevOps – Agile Operations	Pre-Conference Education
Monitor Public Cloud Infrastructure Holistically with CA Unified Infrastructure Management*	DevOps – Agile Operations	Pre-Conference Education
Use Predictive Capacity Analytics and CA Unified Infrastructure Management to Optimize Utilization of Modern, Hybrid Infrastructures*	DevOps – Agile Operations	Pre-Conference Education

Master Heath and Ad Hoc Reporting in CA Unified Infrastructure Management*	DevOps – Agile Operations	Pre-Conference Education
Gain Fast Access to Innovation and Lower Cost of Ownership with SaaS-Based Infrastructure Monitoring*	DevOps – Agile Operations	Pre-Conference Education
Automate Discovery and Monitoring Deployment of Your Custom Application Infrastructure with CA Unified Infrastructure Management*	DevOps – Agile Operations	Pre-Conference Education
Get Proactive Insights Across Your IT Infrastructure with Operational Analytics and Intelligence*	DevOps – Agile Operations	Pre-Conference Education
Utilize Open API for Intuitive Dashboards Delivering Network Operations Insights and Intelligence*	DevOps – Agile Operations	Pre-Conference Education
Configure Network Operations for Comprehensive Fault and Performance Monitoring of SDN and SD-WAN Environments*	DevOps – Agile Operations	Pre-Conference Education
Achieve Operational Efficiency Through Network and Infrastructure Monitoring Integrations*	DevOps – Agile Operations	Pre-Conference Education
Discover the Eight Metrics That Matter for Intuitive NetOps Packet and Flow Analysis and Reliable Application Delivery*	DevOps – Agile Operations	Pre-Conference Education
Dive Deep into New Versions of Network Operations Fault and Performance Monitoring	DevOps – Agile Operations	Pre-Conference Education
Build Full Stack Network Operations Dashboards with CA Business Intelligence*	DevOps – Agile Operations	Pre-Conference Education
Got FITPAL? Build Intuitive Network Operations Dashboards for Full Stack Visibility, Healthy Network Architectures and Exceptional Application Experiences	DevOps – Agile Operations	Pre-Conference Education
Leverage CA Performance Management Strengths for CA eHealth Reporting Concepts	DevOps – Agile Operations	Pre-Conference Education
Explore What's New in CA Service Operations Insight 4.2 and What's Planned for the Future	DevOps – Agile Operations	Pre-Conference Education
Resolve Business Service Issues Faster with the Integration of CA Service Operations Insight , CA Spectrum® and CA Unified Infrastructure Management	DevOps – Agile Operations	Pre-Conference Education
Maximize User Adoption and Improve Issue Triage with Persona-Based Dashboards; Increase Value-to-the-Business and Communications with the Business with Intuitive Reports	DevOps – Agile Operations	Pre-Conference Education
What's New in CA API Gateway 9.3?	DevOps: APIs and Microservices	Pre-Conference Education
CA API Gateway: Developing Custom Policies to Secure Your Enterprise APIs	DevOps: APIs and Microservices	Pre-Conference Education
Configuring the CA API Gateway for High Performance	DevOps: APIs and Microservices	Pre-Conference Education
CA API Gateway: Debugging and Troubleshooting Techniques	DevOps: APIs and Microservices	Pre-Conference Education

Demonstrated Lifecycle of CA API Gateway Services and Policies	DevOps: APIs and Microservices	Pre-Conference Education
New OAuth Toolkit Capabilities and Why That Matters to You	DevOps: APIs and Microservices	Pre-Conference Education
Enhancing Your Mobile App Security	DevOps: APIs and Microservices	Pre-Conference Education
CA Live API Creator: Using JavaScript Loadable Libraries and the Debugger	DevOps: APIs and Microservices	Pre-Conference Education
Handling Complex Policies using the new Policy Builder	DevOps: APIs and Microservices	Pre-Conference Education
How to Manage Your API Strategy with CA API Developer Portal	DevOps: APIs and Microservices	Pre-Conference Education
Setting up a Private Cloud CA API Developer Portal	DevOps: APIs and Microservices	Pre-Conference Education
Increase App Developers Velocity with the Portal Dev Console	DevOps: APIs and Microservices	Pre-Conference Education
APIs: More Automation and Hence More Sophistication – with CA Live API Creator Triggers	DevOps: APIs and Microservices	Pre-Conference Education
CA Live API Creator Makes it Easy to use MQTT - Develop IoT Applications for Multitude of Verticals: Smart Home, Healthcare, and More	DevOps: APIs and Microservices	Pre-Conference Education
Securing your API Portfolio with API Management	DevOps: APIs and Microservices	Pre-Conference Education
Data is Everywhere- CA Live API Creator Makes it Seamless Across SQL, NoSQL and cloud sources	DevOps: APIs and Microservices	Pre-Conference Education
Designing and Deploying Microservices	DevOps: APIs and Microservices	Pre-Conference Education
How to Enable a Secure and Scalable Microservices Architecture	DevOps: APIs and Microservices	Pre-Conference Education
Securing Microservices Using OAuth	DevOps: APIs and Microservices	Pre-Conference Education
Enabling Microservices with LAC – Using Containers, Kafka and More	DevOps: APIs and Microservices	Pre-Conference Education
Scaling up CA Live API Creator: How Far Can You Go	DevOps: APIs and Microservices	Pre-Conference Education
Ideas to Outcome – With Speed and Agility	DevOps: APIs and Microservices	Pre-Conference Education
CA Live API Creator: How to Create, Deploy, Secure and Scale an Enterprise API in 30 Minutes	DevOps: APIs and Microservices	Pre-Conference Education - Lab
CA Live API Creator: Build and Deploy Enterprise-Class APIs with Reactive Logic to Dramatically Reduce Coding	DevOps: APIs and Microservices	Pre-Conference Education - Lab
CA Live API Creator: Making APIs come Alive - with Business Logic and Data	DevOps: APIs and Microservices	Pre-Conference Education - Lab

CA Live API Creator: Using Data Explorer to Test APIs, Create Back Office Data Maintenance Apps and Customize the Look and Feel of the Explorer Browser	DevOps: APIs and Microservices	Pre-Conference Education - Lab
DevOps Simulation Experience (Limited Space, Pre-Enrollment Required)	DevOps – Continuous Delivery	Pre-Conference Education
Designing a Model-Based Continuous Delivery Pipeline That Fosters Collaborative, Trusting and High-Performance Teams	DevOps – Continuous Delivery	Pre-Conference Education
Getting Started with CA Continuous Delivery Director: Core Concepts for Implementing an End-to-end Release Cycle	DevOps – Continuous Delivery	Pre-Conference Education
Building an Automated, End-to-End, Continuous Testing Workflow in CA Continuous Delivery Director	DevOps – Continuous Delivery	Pre-Conference Education
Expert User Forum: Advanced Tips and Troubleshooting for CA Continuous Delivery Director	DevOps – Continuous Delivery	Pre-Conference Education
Managing Application Releases in the Modern, Cloud-Based Software Factory	DevOps – Continuous Delivery	Pre-Conference Education
Realizing Continuous Pipeline Improvement with CA Continuous Delivery Director	DevOps – Continuous Delivery	Pre-Conference Education
Is Your App Ready for the Next Major Event? Let Us Show You How to Build and Execute Performance Tests, So You Don't Have to Second Guess	DevOps – Continuous Delivery	Pre-Conference Education
Are Your Performance Tests Part of Your CI/CD Pipeline? Let Us Show You How You Can Do It With Open Source Tools	DevOps – Continuous Delivery	Pre-Conference Education
Whether You Want to Functional Test or Load Test Your APIs, We've Got You Covered (And You Can Reuse and Reconfigure Same Tests)	DevOps – Continuous Delivery	Pre-Conference Education
No More Test Case Management—Manage the Requirement Models	DevOps – Continuous Delivery	Pre-Conference Education
What's on the Continuous Delivery Software Factory Floor and How Does It All Work as One?	DevOps – Continuous Delivery	Pre-Conference Education
Three Steps to Achieve In-Sprint Test Automation: Testing at the Speed of Agile	DevOps – Continuous Delivery	Pre-Conference Education
Design Requirements to Automatically Generate Test Cases and Automated Test Scripts	DevOps – Continuous Delivery	Pre-Conference Education
Don't Automate Your Test Execution—Automate the Creation of Your Test Automation Scripts	DevOps – Continuous Delivery	Pre-Conference Education
How to Ditch HP: Four Steps to Optimize and Migrate Your Test Cases Out of HP QC/ALM	DevOps – Continuous Delivery	Pre-Conference Education
Continuous Everything: An Approach to a Reference Architecture for Continuous Delivery	DevOps – Continuous Delivery	Pre-Conference Education
Turbo Charge Your Continuous Delivery with Continuous Modeling: Evolving From "Everything is Code" to "Everything as Model"	DevOps – Continuous Delivery	Pre-Conference Education
SV 101: Introduction to Service Virtualization.	DevOps – Continuous Delivery	Pre-Conference Education

Latest and Greatest on DevTest (CA Service Virtualization/CA Application Test)	DevOps – Continuous Delivery	Pre-Conference Education
DevTest Upgrade Path to Success	DevOps – Continuous Delivery	Pre-Conference Education
Bridging the Gap: Test Automation with Test Data On-Demand.	DevOps – Continuous Delivery	Pre-Conference Education
Introduction and Best Practices to CA Service Virtualization: SV Express	DevOps – Continuous Delivery	Pre-Conference Education - Lab
Introduction and Best Practices to CA Service Virtualization: SV as Code	DevOps – Continuous Delivery	Pre-Conference Education - Lab
Get Hands-on with CA Continuous Delivery Director: Setting Up Your First Release	DevOps – Continuous Delivery	Pre-Conference Education - Lab
Moving from Spreadsheets to Automated, Orchestrated Release Practices	DevOps – Continuous Delivery	Pre-Conference Education - Lab
Building Your Own CA Continuous Delivery Director Plug-ins (Two Ways)	DevOps – Continuous Delivery	Pre-Conference Education - Lab
Synthetic Data Creation with CA Test Data Manager	DevOps – Continuous Delivery	Pre-Conference Education - Lab
CA Test Data Manager Hands-on Overview	DevOps – Continuous Delivery	Pre-Conference Education - Lab
An Introductory Session on vTDM: The Future of Test Data Management	DevOps – Continuous Delivery	Pre-Conference Education - Lab
Mainframe Automation Has Never Been Easier: What's New in CA OPS/MVS® Event Management and Automation 13.0	Mainframe	Pre-Con Education
Proactive Performance: What's New with CA SYSVIEW® 15.0	Mainframe	Pre-Con Education
Say Goodbye to Reactive Firefighting: Collaborative Monitoring and Remediation	Mainframe	Pre-Con Education
Mainframe Operational Intelligence: Get the Big Picture	Mainframe	Pre-Con Education
Intelligence Center Deep Dive: The Core of Operational Intelligence	Mainframe	Pre-Con Education
How to Fix the Simple Stuff Automatically with Self-Healing Systems	Mainframe	Pre-Con Education
Finding Root Cause Faster with Machine Learning	Mainframe	Pre-Con Education
Machine Learning and Automation: A Roadmap to Operational Excellence	Mainframe	Pre-Con Education
Automate Your Mainframe Capacity for Better SLAs, More Capacity and Lower MLC Costs	Mainframe	Pre-Con Education
Hands-On Lab: How to Simplify Automation with CA OPS/ MVS® and System State Manager	Mainframe	Pre-Con Education: Hands-On Lab
Hands-On Lab: Improve Performance with CA SYSVIEW® Performance Management and Mainframe Team Center	Mainframe	Pre-Con Education: Hands-On Lab
Hands-On Lab: Get the Most Out of Operational Intelligence	Mainframe	Pre-Con Education: Hands-On Lab

Help! My IDMS DBA is Retiring: IDMS Database Admin for the Newbie	Mainframe	Pre-Con Education
Web Services are the "Kiss of Life" for CA IDMS™ Applications	Mainframe	Pre-Con Education
CA Datacom® and CA IDMS™ New Features and Roadmap	Mainframe	Pre-Con Education
CA Database Management Utilities Suite for Db2 for z/OS: What's New and What's Coming	Mainframe	Pre-Con Education
Storage Management from CA: New Features and Roadmap	Mainframe	Pre-Con Education
Storage Analytics: Can We Put Any More Lipstick on That Pig	Mainframe	Pre-Con Education
Exploiting Machine Learning and Advanced Analytics to Drive Intelligent Operations for Your Data Storage and Databases	Mainframe	Pre-Con Education
Secrets of the Pros: Mitigate Those Pesky Mainframe Database Performance Problems	Mainframe	Pre-Con Education
Analytics as a Weapon to Proactively Manage Db2 Performance	Mainframe	Pre-Con Education
How to Get the Most Out of Your Db2, Db2 Management and Analytics Investment	Mainframe	Pre-Con Education
Turn Your CA IDMS™ ADS Applications into Web Services	Mainframe	Pre-Con Education
Treat Your CA IDMS™ and CA Datacom® Developers to Eclipse-Based Development	Mainframe	Pre-Con Education
Storage Deep Dive: What's New with Storage Management From CA?	Mainframe	Pre-Con Education: Hands-On Lab
Test Drive the Future: Predict and Optimize Db2/SQL Performance with Intelligent Operations	Mainframe	Pre-Con Education: Hands-On Lab
Improve Your Mainframe Economics: The Latest in CA View®, CA Deliver™ and CA Spool™	Mainframe	Pre-Con Education
Getting Technical with CA View® and CA Deliver™: Output Management Tips and Tricks	Mainframe	Pre-Con Education
Output Management Conversion Options and Best Practices	Mainframe	Pre-Con Education
Go Agile and Automate Delivery with CA Endeavor® Software Change Manager	Mainframe	Pre-Con Education
Automate Application Analysis and Understanding with CAST Application Intelligence	Mainframe	Pre-Con Education
Optimize Test Setup with CA File Master™ Plus, and CA InterTest™ and CA SymDump® Solutions	Mainframe	Pre-Con Education
Transform Legacy Code with a Modern Toolset for Enterprise Developers	Mainframe	Pre-Con Education
Contextualize Legacy Code Within Enterprise Applications Through Modern Debugging for Enterprise Developers	Mainframe	Pre-Con Education
Interactive Session: Mainframe and DevOps in Your Organization	Mainframe	Pre-Con Education

Improve Productivity with Eclipse Plugins for CA Endeavor® Software Change Manager and CA Testing Tools	Mainframe	Pre-Con Education
Adopt Agile Development Across Platforms with CA Application Lifecycle Conductor	Mainframe	Pre-Con Education
Extend Modern Workflows with Self-Service for Enterprise Developers	Mainframe	Pre-Con Education
Achieve Continuous Testing and Delivery with CA Application Lifecycle Conductor and CA Atomic Release Automation	Mainframe	Pre-Con Education
Demo the IDE That Empowers Enterprise Developers to Innovate Mobile-to-COBOL	Mainframe	Pre-Con Education: Hands-On Lab
Demo the DevOps Catalog for Greater Agility and Insight in Managing the SDLC	Mainframe	Pre-Con Education: Hands-On Lab
Data-Centric Security and Compliance: Enhancing Data Privacy with CA Data Content Discovery	Mainframe	Pre-Con Education
SIEM Integrations, Insider Threat Prevention and More with CA Compliance Event Manager	Mainframe	Pre-Con Education
The Fundamental Component of Any Data-Centric Security Strategy? The Principles of Least Access	Mainframe	Pre-Con Education
So, How Do I Secure a Mainframe ID? A Deep Dive in Advanced Authentication and Password Practices	Mainframe	Pre-Con Education
Control Access Across All Platforms: Privileged Access Management and the Mainframe	Mainframe	Pre-Con Education
Is the Sky Falling? Achieving Mainframe Compliance with the EU General Data Protection Regulation	Mainframe	Pre-Con Education
You Want Me to Put a Digital Certificate Where? Digital Certificates and the Mainframe	Mainframe	Pre-Con Education
Hands-On Lab: Data-Centric Security and Compliance with CA Data Content Discovery and CA Compliance Event Manager	Mainframe	Pre-Con Education: Hands-On Lab
Privileged User Governance	Security	Pre-Conference Education
Simplifying IMAG Deployment	Security	Pre-Conference Education
Radiant Logic Session (Partner-paid session)	Security	Pre-Conference Education
That's Not Your Cookie: A CA Single Sign-On Hardening Guide	Security	Pre-Conference Education
Upgrading CA Identity Suite	Security	Pre-Conference Education
Open ID Connect	Security	Pre-Conference Education
Modernizing Identity and Access Management with Mobile API Gateway	Security	Pre-Conference Education
IDaaS Unified Launchpad	Security	Pre-Conference Education
Rapid App Security: Taking Mobile Authentication to the Next Level	Security	Pre-Conference Education

CA Privileged Access Manager 3.0	Security	Pre-Conference Education
Hybrid Cloud	Security	Pre-Conference Education
IDaaS Hands-on Lab	Security	Pre-Conference Education
ODSEE Migration	Security	Pre-Conference Education
Migrating CA PIM to CA PAM	Security	Pre-Conference Education
Performance with CA BlazeMeter®	Security	Pre-Conference Education - Lab
Threat Analytics	Security	Pre-Conference Education
CA API Management Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Unified Infrastructure Management Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Application Performance Management Enablement: Presales Certification for Partners - Best Practices - Overview, Market Positioning, Demonstration, Certification Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Privileged Access Management Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Service Virtualization Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Release Automation Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Test Data Management Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Agile Requirements Designer Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Identity Suite Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA Project & Portfolio Management Enablement: Presales Certification for Partners - Best Practices - Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
CA App Experience Analytics Enablement: Presales Certification for Partners - Best Practices - Overview, Market Positioning, Demonstration, Certification Demonstration, POC, Proven Professional Certification	Partner Enablement	Pre-Conference Education
Technical Pre-Sales Certification Workshop	Partner Enablement	Pre-Conference Education

CA API Management Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Unified Infrastructure Management Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Application Performance Management Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA App Experience Analytics Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Service Virtualization Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Release Automation Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Test Data Management Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Agile Requirements Designer Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Identity Suite Enablement: Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
CA Project & Portfolio Management Enablement Implementation and Architecture for Partners - Best Practices - Installation, Configuration, Architecture	Partner Enablement	Pre-Conference Education
Proven Professional Examination for Certification	Partner Enablement	Pre-Conference Education
Partner Implementation Certification Workshop	Partner Enablement	Pre-Conference Education
