- ✓ State-of-the-art best practices
- ✓ Comprehensive course catalog

Trained customers make **35% fewer calls** to CA Support

20⁺

Highly experienced instructors have an average of 20+ years of industry experience

94%

94% instructor satisfaction rating from customers

Over **11,000** students take **25,000+** award winning CA Education courses a year

Product education to fit your needs with flexible delivery options

How we do it: Enable your team to maximize the potential of this solution right from the start. CA Education offers key product training at every level, in various formats to fit every experience and budget level.

FOR EXAMPLE*: Use Learning Paths to see the full recommended path to solution enablement and adoption

START WITH SELF-DIRECTED LEARNING in web-based training and dynamic labs to get a solid base of knowledge

ADVANCE YOUR KNOWLEDGE WITH INSTRUCTOR-LED COURSES either in a traditional classroom or virtually

CUSTOMIZE EDUCATION SOLUTIONS specific to your organization with our education consulting services

*Speak with your CA Education expert to design the right mix of courses and formats to meet your needs.

But don't just take our word for it...

CA Technologies Services and Education Customer Statistic

60 percent of surveyed IT organizations agree that the window of opportunity to drive solution adoption is within 90 days; after that it becomes an uphill battle.

Source: TechValidate

TechFact

87 percent of IT organizations agreed with the following statement:

"CA Education increased the business value of the CA solution purchased/in place."

Source: TechValidate

TechFact

"From all vendor trainings I've ever attended, the CA ones are the most efficient and relevant to my job."

Source: TechValidate

"The instructor was exceptional. Easy to understand, excellent speaking voice, extremely knowledgeable about the material covered. It was a pleasure to be in this class."

— Paul Ladebauche, TAC Worldwide

"The instructor presented the information in an easy-to-follow manner and at a good pace. He spoke clearly and confidently. You could tell he was a master with this software. Overall, I thought this class was excellent. I would not change a single thing. The lab gave the insight needed to fully understand the product."

— Scott Symonartis, CSC for UTC-Corporate

CA Education offers award-winning content, state-of-the-art best practices and a comprehensive course catalog.

At CA, we're fueling a big part of this revolution where ideas are the new currency. Our passion is helping you to champion your best ideas and navigate the obstacles across the application lifecycle to break through and produce real measurable outcomes.
