

### Enter Expenses

- Use the CA portal at: <https://portalaccess.ca.com>
- You must know the purchase order (PO) number.
- You are unable to enter expenses if PO limits have been exceeded—if this occurs, please contact your PM.
- Please indicate if the expenses are to be billable to CA’s client.
- You can save a partially complete Service Expense Entry Sheet (SES), return to it to complete and submit.
- When expenses are submitted, the SES must be printed out and scanned with all applicable receipts into a PDF file, which is then electronically uploaded to CA.

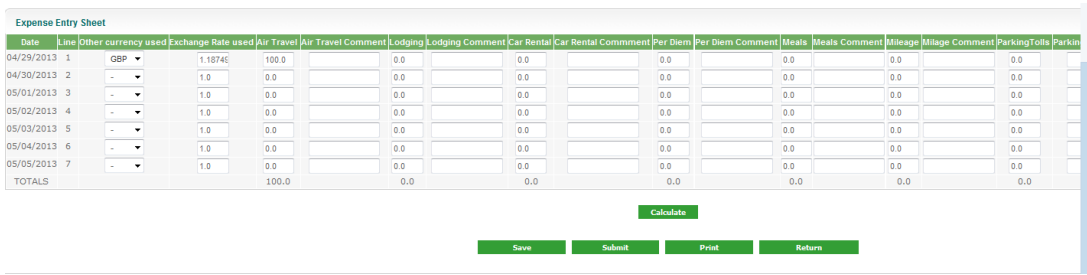

For information on how to electronically submit receipts, please see the information accessible at: <http://www.ca.com/us/collateral/service-partners/na/ca-service-partner-program-tools.aspx>
